✓ Following ...

## LinkedIn

- Reintroducing the EADMT LinkedIn page used as a professional medium to share conferences and seminars within Europe.
- New research articles and books to be posted.
- Built up network and share knowledge, insights and opportunities with DMT associations worldwide.

# Support of the Board

- Regular review of the website
- Support the Delegates and Deputies  
Facebook group
- Continuous collaboration

# Newsletter

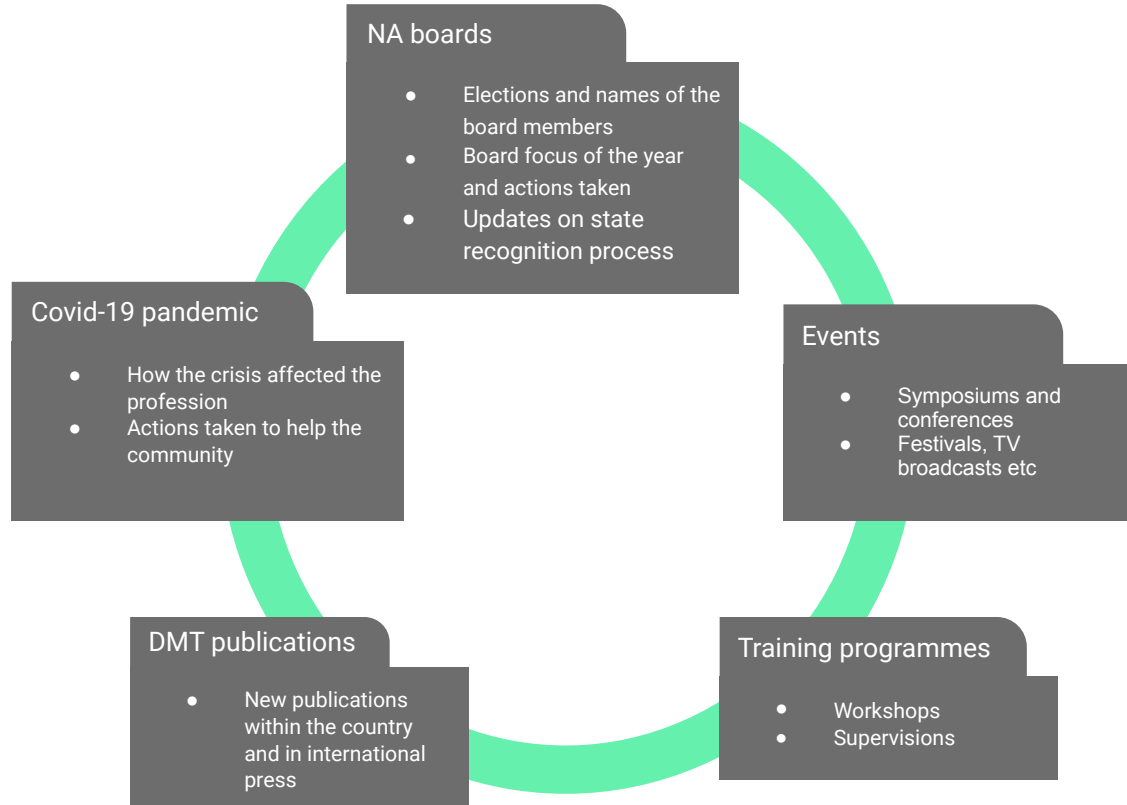

- 2nd edition came out in August
- 18 countries contributed in each edition. 4 countries (Russia, Austria, Croatia, and Sweden) contributed to the 1<sup>st</sup> one, but not to the 2<sup>nd</sup>.
- 4 countries (Netherlands, Belgium, France, and Romania) didn't send any newsletter yet.

# NAs wrote about...

## N.As used different options:

- some reports are signed by a person, some are not
- some reports may focus on activities of individuals ex. name the presenter and the content of a workshop, while others may refer to the activity avoiding specific, personalized info
- Some reports organise content per subject while others present it in a chronological order, some use bullet points and others use paragraphs, some include visuals (photos, videos, designs) and others only text.

### Our reflections:

- Should we next time propose a common formatting?
- Should we introduce a themed section in the newsletter for NAs to express their thoughts and knowledge about the matter?

# Youtube

- One of our next year's aims

is to “move” EADMT YouTube  
channel

- What kind of content would you  
welcome on YouTube?
