

# COMMUNICATIONS BOARD REPORT

## 2021

---

Elli Kita

A year of “reconstruction” of the EADMT  
presence on the media

EADMT

# Website renovation

- Thank you delegates, board, communication group, Panos & Kostis, working groups for your collaboration, support and warm feedback. Special thanks to the Research Group for their work on “sources” category, and their activities
- Many thanks to those who created our  
previous website

# TO MAINTAIN THE SITE IN GOOD CONDITION:

- Keep up with technical advances
  - Feed new info
  - Graphic style

# Feeding new info:

- Easier to upload
- New categories
- Contributions from NAs, Working groups, Researchers

Consider sending information (in English)

# Graphic Style

- Using specific features and formats  
(text organization, colors, logo ...)

⇒ need for collaboration

⇒ CWG is working on how to make this material accessible and easy to handle for all of us

# Other activities

- Face book
  - info@
  - listserv
- Connecting
- Promoting Internet Café, Symposium and next Conference

# Some thoughts about “communication”

- Vast area
- Security issues
- Skilled members needed
- Communication team needs to respond in time when needed, in relation to other group’s activities

**We need a certain “know how to do” things and to coordinate efficiently our actions**

# My objective for next year

- => A step-by-step handbook of when, how and what should be done
  - By the communication team
  - By delegates / working groups
- => Connecting with organisms open for mutual promotion

Thank you for your attention
